What to do if a child makes a disclosure to you...

If a child discloses something of a sensitive nature to you, you should:

- Listen to what is being said without displaying shock or disbelief
- Allow the child to talk freely
- Reassure the child, but not make promises which it might not be possible to keep
- Never promise a child that they will not tell anyone - as this may ultimately not be in the best interests of the child.
- Listen, only asking questions when necessary to clarify.
- Explain what has to be done next and who has to be told
- Log information with a member of staff.
- Pass the information to the Designated Senior Person without delay.

See the Safeguarding display for further information.

Protect yourself from Safeguarding concerns...

It is important that, when working with young children, you safeguard yourself and ensure that you do not put yourself in a vulnerable position.

- Be mindful of any physical contact you have with children.
- Maintain professional dialogue at all times.
- Do not use your mobile phone on school premises unless in designated times or safe places.
- Do not allow yourself to be left 1:1 with a child.
- If you are left alone, ensure the doors/blinds are left open. If they are closed—open them!
- If you feel uncomfortable about a situation, speak to a member of staff.

Tips for a successfully safe visit...

Are you wearing your visitors badge?

Please have it displayed at all times.

Ensure external doors are closed.

If you see a stranger around school not wearing a visitors badge or staff lanyard, direct them to the Office.
