

ANCIENT GREECE

This term, we are exploring Ancient Greece in Year 5! There is so much history to explore through many different mediums, which provides exciting opportunities for the children to be creative!

We would love to see the children create one of the following: A 3D Parthenon, a 3d vase, or a 2D ancient Greek style vase.

Examples of these can be seen in the photos.

We always love to display the children's creative homework. To help us with this, where possible, we would appreciate any 3D vases to come in a box (as seen in the images) so that they can be displayed safely. As well as this, it would be a big help if Parthenons could be no wider than 30ish cm, due to space in the classroom to display them! Thank you.
