

Year 6—Topic 1

'Lights, Camera, Action!'

Harry Potter

As part of your creative homework this term we would love all 1st Year students to be as creative and imaginative as possible and create their own Magic Potion.

We would like a set of ingredients along with an explanation as to what magic your potion can conjure or cure. Please be as imaginative as possible with your choice of bottle, contents, ingredients and spells. All potions will be kept in the Potions Lab until the end of the topic.

We would also love to see any other creative pieces of art, DT or writing that you create at home to put on display in the classroom.
