

A message from Mrs. Tunn:

Welcome back everyone-I am so excited to spend our year together especially your last one at STM! I hope that you had a relaxing, enjoyable summer holiday with your families. The children have returned focused and have blown all of the staff in Year 6 away with their drive to impress and to be the best that they can be. As you are aware, it is an important year for your child, and one that we are confident will be an incredibly successful one for them too. It's essential that we are all working together, therefore, communication between home and school is extremely important to ensure that your child achieves their very best, and to let you know that if you have any questions or concerns, I am more than happy to talk either face to face or address any smaller queries on Class Dojo. I can't wait to get to know the children a little more over the coming weeks and make their last year at STM truly special for them all.

Religious Education
